Subject: Updated Inserts for Field Application to Enhance *In-Situ* Bioremediation of Chlorinated Solvents via Vegetable Oil Injection at the Naval Industrial Reserve Ordnance Plant (NIROP), Fridley, Minnesota

Dear Venky:

Please find enclosed two copies of the updated inserts for the Final Work Plan for Field Application to Enhance *In-Situ* Bioremediation of Chlorinated Solvents via Vegetable Oil Injection at the Naval Industrial Reserve Ordnance Plant (NIROP), Fridley, Minnesota. These inserts have been updated as a result of discussions that took place during the conference call on May 24, 2001. Please insert these replacement pages in place of the existing respective pages in the document. The complete document with replacement pages represents the most up to date final version of this document as of May 25, 2001.

If you have any questions regarding the Final work plan, please call me at (303) 764-1940, or Todd Wiedemeier at (303) 764-8721.

Sincerely,
PARSONS ENGINEERING SCIENCE, INC.

Daniel R. Griffiths
Site Manager
