Howard,

Thank you for the update. I believe the Navy has done as much as could be expected in responding to the original request. I will place a copy of your e-mail in our files. Illinois EPA is in agreement that this case is now closed.

Respectfully,

Brian A. Conrath

Brian,

I just got off the phone with Bob about the second letter we sent to Mr. Lewis. As you know, we sent this one with a delivery request (not registered). The letter was returned as "undeliverable."

I just called the Lewis residence and spoke with Mrs. Lewis. Mr. Lewis passed away several years ago. I did not ask Mrs. Lewis as to why she refused delivery. However, I did explain to Mrs. Lewis why I was trying to contact Mr. Lewis and asked her how she wanted to proceed in regards to the 2005 information request concerning the remedial investigation report for the Golf Course landfill. She asked if we detected any radiation at the landfill and I told her no. At that point, she said she then considers this "closed."

I believe the Navy has done everything in our power to meet the intent of Mr. Lewis' initial request. Unless you have any objections, the Navy will consider this item closed.

Thanks Brian

Howard
