Re: Revised Remedial Investigation/Risk Assessment  
for Site 5 – Transformer Storage Boneyard  
Naval Station Great Lakes, Illinois

0971255048 – Lake County  
Great Lakes Naval Station  
Superfund/Technical

Dear Ms. Van Donsel:

The Illinois Environmental Protection Agency (Illinois EPA or Agency) is in receipt of the Navy's additional responses to Agency comments regarding the *Remedial Investigation/Risk Assessment Report for Site 5 – Transformer Storage Boneyard, Naval Station Great Lakes, Great Lakes, Illinois*. They were dated April 2013 and were received at the Agency on April 25, 2013. Accompanying those responses was a redline-strikeout version of the revised text of the Remedial Investigation Report. The Remedial Investigation Report presents the results of the December 2010 and December 2012 environmental investigations of Site 5 and the subsequent human health risk assessment for the site.

The Agency has reviewed the Navy's responses and has verified that the proposed revisions have been incorporated into the document as indicated. Therefore, Illinois EPA can now concur with the contents of the submittal as written.

If you have any questions regarding anything in this letter or require any additional information, please contact me at (217) 557-8155 or via electronic mail at [brian.conrath@illinois.gov](mailto:brian.conrath@illinois.gov).

Sincerely,

*Brian A. Conrath*

Brian A. Conrath
