Dear Mr. Bonilla:

The Illinois Environmental Protection Agency (Illinois EPA or Agency) is in receipt of the Final Remedial Design Document Landfill 5, Fort Sheridan Environmental Restoration Project, Fort Sheridan, Illinois. It was dated July 12, 2004 and was received at the Agency on July 14, 2004. Illinois EPA has performed their final review of this document and provides no further comments. The design of the remedy for Landfill 5, a landfill cap, is considered acceptable to the Agency. However, since the Final Decision Document for Landfill 5 has not yet been submitted and approved, the Agency cannot grant its concurrence that construction of this remedial design for Landfill 5 may commence. The Army should seek and obtain approval, from the Illinois EPA, of the Final Decision Document for Landfill 5 prior to initiating any work on this approved design.

If you have any questions regarding this correspondence, you may contact me at 217/557-8155 or via e-mail at Brian.Conrath@epa.state.il.us.

Sincerely,

Brian A. Conrath
