Ms. Laura Ripley
Environmental Scientist
U.S. Environmental Protection Agency
Region 5
77 West Jackson Blvd SRF-5J
Chicago, IL 60604

**SUBJECT: GREAT LAKES NAVAL TRAINING CENTER
FFTU REMEDIATION PROJECT
QAPP (DRAFT)**

Dear Laura Ripley:

A draft copy of the QAPP for sampling and analysis of soils, groundwater and derived wastes is provided with this transmittal.

ARDL of Mt. Vernon, Illinois has been selected as the CLP Laboratory for analysis of compounds required by Region 5, USEPA and as specified in the Region 5 Model QAPP. ARDL is fully qualified, certified and capable to provide timely, reliable analytical results for this project. In the attached letter from Daniel Gillespie of ARDL, he demonstrates that ARDL follows the Region 5 Model QAPP. SOP's have not been provided with this submittal, except for Appendix B, SOP's for chlorinated Herbicides. You will recall that the Model QAPP does not include herbicides.

I would like to include your comments in the final QAPP, and look forward to our telephone discussion scheduled for 2:00 pm on Thursday, August 24, 1997.

Sincerely,

BELING CONSULTANTS, INC.

Molly E. Arp
Project Manager FFTU
