16 April 02

Mr. Yeric Yarrington,
Manager, Engineering and Assessment Unit
Office of Emergency Response
Illinois Environmental Protection Agency
Mail Code #29
1021 North Grand Avenue East
Springfield, Illinois 62794-9276

Dear Mr. Yarrington,

SUBJECT: RELEASE INCIDENT 20011380, BUILDING 106, NAVAL TRAINING
CENTER, GREAT LAKES

Pursuant to our phone conversations yesterday, I am requesting that the above referenced release incident site be included in the Land Use Control, Memoranda of Agreement (LUC MOA) currently in development for our facility. The Illinois Environmental Protection Agency (IEPA) legal counsel and Mr. Brian Conrath of the IEPA Federal Facilities Unit, Bureau of Land are currently reviewing the LUC MOA.

The Navy will requests that the above referenced Release Incident Site be included in the overall LUC MOA currently being developed to encompass the entire Naval Station Great Lakes. Controls in accordance with the site will consist of the standards established in the LUC MOA. Specifically for Release Site 20011380, a paved asphaltic surface shall exist over the site thus mitigating the potential for excavation of the site-impacted soils. The Navy will also conduct periodic inspections and implement land use management controls for the site.

If you should have any questions please contact the Navy Technical Representative Mr. J. Blayne Kirsch, at (847) 688-2438 or Mr. Brian Conrath at the IEPA at (217) 557-8155.

Sincerely,

Mark Schultz

MARK SCHULTZ
