Dear Mr. Hickey:

Please find attached one copy, one electronic version on CD, and one set of the replacement pages of the subject report. Copies have also been distributed as indicated below. The report (paper and electronic version) includes the signed title page that was received from the Navy and Illinois Environmental Protection Agency. Directions for the replacement pages are:

- Replace Tables 2-3 & 2-4, the Figures, Section 6, and the References
- Replace the part of Appendix F.1 as follows (these new pages include some of the original pages that did not change figuring it was easier to replace one part of the appendix): Find Table 6.2 Cancer Toxicity Data -- Inhalation (this is the back side of the 18th page), remove the next 12 pages (up to but not including Calculation of Air Concentration in a Trench) and replace them with the attached appendix tables

If you have any questions, please call Chris Pike at 412-921-8861 or me at 412-921-7251.

Sincerely,

Robert F. Davis, P.E.
