Dear Mr. Robinson:

The Illinois Environmental Protection Agency (Illinois EPA or Agency) is in receipt of the Final Remedial Investigation and Risk Assessment Report, Site 7 – RTC Silk Screen Shop from Tetra Tech NUS, Inc. The Agency has reviewed the document to confirm the proposed changes delineated in the Navy's responses have been made. Illinois EPA notes that one promised addition has not been included. However, this omission is minor in nature and does not affect the Agency's ability to concur with this document. Therefore, Illinois EPA is satisfied with the changes that have been made and grants its concurrence with the final document. As the Agency was already in possession of the signature page for this document, it has been signed by the appropriate personnel and is included in this package.

If you have any questions regarding this letter, please contact me at (217) 557-8155 or via electronic mail at [brian.conrath@epa.state.il.us](mailto:brian.conrath@epa.state.il.us).

Sincerely,

*Brian A. Conrath*
