Subject: JEB Little Creek - Final SWMU 3 FFS - EPA Response to RTCs (RPM Follow-on Comments)

Final Focused Feasibility Study for Groundwater, Solid Waste Management Unit 3 – Pier 10 Sandblast Yard, Joint Expeditionary Base Little Creek, Virginia Beach, Virginia, October 2014

Bryan/Matt,

- April 10, 2014 Email from CH2M HILL - Received electronic version of draft document for review and comment.
- May 13, 2014 Email from EPA – Provided comments on draft document.
- May 22, 2014 Email from CH2M HILL – Received responses to comments (RTCs) via email for review.

NOTE: At this point Focused Feasibility Study (FFS) put on hold pending additional groundwater sampling at SWMU 3.

- September 18, 2014 – Email from CH2MHILL – Received revised document and RTCs (post groundwater sampling) for review.
- September 23, 2014 – Email from EPA – Provided TOX comments on the subject document.
- September 23, 2014 – Email from EPA – Provided HYDRO comments on the subject document.
- September 25, 2014 – Call between EPA and CH2MHILL – Provided EPA RPM comments on the subject document.
- September 29, 2014 – Email from CH2MHILL – Received RTCs and track changes document (draft final) for review.
- October 2, 2014 – Email from EPA – Provided RPM follow-on comments in track changes format (draft final). All previous TOX, HYDRO and RPM comments were adequately addressed.
- October 10, 2014 - Email from CH2MHILL – Received track changes version of the subject document containing responses to RPM follow-on comments for review.

Email Action: EPA (RPM) has reviewed the track-changes version of the subject document. All RPM follow-on comments have been adequately addressed, and are incorporated (where necessary) into the subject document. EPA has no further comments to offer at this time.

Path Forward: Navy to finalize document and provide hardcopies.

NOTE: No letter documenting EPA's response to RTCs (RPM follow-on comments) on the subject document will be provided. EPA will issue a formal acceptance letter once the final hardcopy version is received and reviewed.
