### Draft Proposed Plan, Solid Waste Management Unit 3 – Pier 10 Sandblast Yard, Joint Expeditionary Base Little Creek – Fort Story, Joint Expeditionary Base Little Creek, Virginia Beach, Virginia, September 2014

Bryan/Matt,

- September 19, 2014 Email from CH2M HILL - Received electronic version of document for review and comment.

Email Action: EPA (Legal and RPM) has reviewed the document and has the following comments to offer via the attached track-changes document. There are two comments that may require a quick conference call. One has to do with the summary write-up for the Risk Assessment Update for Groundwater in the Table and the other has to do with adding an additional RAO to restore groundwater to beneficial use wherever practicable within a reasonable time.

Path Forward: Navy to respond to comments.

**NOTE: No letter documenting EPA's (BTAG) comments on the subject document will be provided. EPA will issue a formal acceptance letter once the final hardcopy version is received and reviewed.**
