Subject: JEB Little Creek - Draft SWMU 3 Proposed Plan - EPA Comments (BTAG)

Draft Proposed Plan, Solid Waste Management Unit 3 – Pier 10 Sandblast Yard, Joint Expeditionary Base Little Creek – Fort Story, Joint Expeditionary Base Little Creek, Virginia Beach, Virginia, September 2014

Bryan/Matt,

- September 19, 2014 Email from CH2M HILL - Received electronic version of document for review and comment.

Email Action: EPA (BTAG) has reviewed the document and has the following comments to offer:

EPA strongly recommends that the summary of the Benthic Invertebrate Evaluation be revised. Please delete the first paragraph of the description as it does not support the decision due to the concerns previously expressed with the evaluation. The second paragraph adequately supports the decision and reflects the most pertinent conclusion that all parties agree with.

Path Forward: Navy to respond to comments.

NOTE: No letter documenting EPA's (BTAG) comments on the subject document will be provided. EPA will issue a formal acceptance letter once the final hardcopy version is received and reviewed.
