Dear Mr. Park:

Foster Wheeler Environmental Services (FWES), as part of the Baker Environmental Inc. (Baker) Team, is pleased to submit copies of the final Remedial Investigation/ Feasibility Study (RI/FS) report, the Site Inspection (SI) report, and the Site 11 Decision Document for distribution to the Restoration Advisory Board (RAB) members. Appropriate revisions have been made to the reports submitted to you in October for final review. This submission completes the scope of work transferred from CTO-0042.

Only six complete RI/FS and SI reports have been provided for distribution to those RAB members who have not received the reports before. Fourteen copies of the amended pages have been provided for other RAB members to replace the corresponding pages from the binder provided with the draft final reports. Twenty complete copies of the Site 11 Decision Document are provided.

If you have any questions, please contact Mr. Thomas Fuller of Baker at (412) 269-6000 or myself at (201) 535-2359. Thank you for the opportunity to support you on this important project.

Very Truly Yours,
