Subject: Extension Request - Onshore Derecktor
Signed By: winoma.johnson@navy.mil

Kymberlee/Pam-

The Onshore Derecktor Data Gaps Report is scheduled to be submitted on September 27, 2011. However, there are some edits that need to be made to the document, based on internal Navy review. To get this done, and have a document that we believe best presents the data collected at this site, we will need an extension. So this is to request a 15-day extension, until October 12, 2011 to get this report submitted. We do not believe that this should impact the overall schedule for this site and we will do our best to make up these 15 days during the Navy's response to comment period. Please let me know if you have any concerns with this. Thanks.
