Re: Proposed Plan for Derecktor Shipyard Offshore

Dear Mr. O'Connor:

Thank you for the opportunity to review the draft Proposed Plan for Derecktor Shipyard Offshore, Operable Unit 5. In the interest of efficiency, EPA submitted its comments via e-mail on April 10, 2014 with a red line-strikeout (RLSO) version of the proposed plan that indicated EPA's recommended text changes. EPA's RLSO version that was e-mailed constitute our comments and should be included in the Administrative Record for the site.

I look forward to working with you and the Rhode Island Department of Environmental Management toward the cleanup of the Derecktor Shipyard and to the hearing on May 21, 2014. Please contact me at (617) 918-1385 with any questions on these comments before April 17, 2014.

Sincerely,

Kimberlee Keckler, Remedial Project Manager
Federal Facilities Superfund Section
