RE: Five-Year Review Report
Naval Station (NAVSTA) Newport, Rhode Island

Dear Ms. Keckler, Mr. Lovely, and Ms. Crump:

On behalf of the Naval Facilities Engineering Command (NAVFAC), Mid-Atlantic (MIDLANT), Resolution Consultants is pleased to provide this draft Five-Year Review Report for NAVSTA Newport. Please note that the 2013 Annual Monitoring Report for Site 1 – McAllister Landfill was not available for review and therefore, this draft Five-Year Review Report does not include a review of monitoring data (groundwater, landfill gas, marine sediment, pore-water, and biota) collected in 2013. It is anticipated that review of this data will be incorporated into the next subsequent version of the Five-Year Review Report.

The Federal Facilities Agreement (FFA) provides a 45-day timeframe for regulatory review and input on this draft report. Resolution Consultants contacts for this project are Cindy Castleberry, CTO Manager (781.224.6350) and Mark Kauffman, Activity Coordinator (978.905.2262). Please direct formal correspondence to James Gravette (757.341.2014), and contact any of us with questions or clarifications. We look forward to working with you on this program.

Sincerely,

Resolution Consultants
