Naval Station (NAVSTA) Newport, Rhode Island

Dear Mr. Lovely and Mr. Noons:

On behalf of the Naval Facilities Engineering Command (NAVFAC), Mid-Atlantic (MIDLANT), Resolution Consultants is pleased to provide this final Remedial Investigation (RI) Report for MRP Site 1. This document is being submitted before May 14, 2015, per the Federal Facility Agreement (FFA) schedule.

Please note that this document addressed the comments on the draft RI report received from your agencies, per the response to comments document issued by the Navy. Concurrence on the responses was received on February 13th and March 6th, 2015. In addition, per our meeting on March 18th, a subsection ("Next Steps") was added to the final section of the report to document the proposed transition from the RI to the FS phase of the project.

Should you have any questions or comments, please do not hesitate to contact me, Mark Kauffman, Activity Coordinator (978.905.2262), and/or Jim Gravette, Navy RPM (757.341.2014).

We look forward to continuing working with you on this program.

Sincerely,
