Dear Ms. Pringle:

At the request of Mr. Curtis Frye, at the Engineering Field Activity Northeast, I am providing you with five copies of the support documentation for the optimization review of remedy selection at the site referenced above.

The pertinent historical documents are provided in Adobe (PDF) format on a single compact disk, containing approximately 650 MB of data. A summary document titled "Summary and Contents.pdf" provides a narrative summary of the information included and links to each document on the disk. This format should facilitate your review of this information.

If you have any questions regarding this material, please do not hesitate to contact me.

Very truly yours,
