Lester, Pennsylvania 19113

Reference: CLEAN Contract No. N62472-03-D-0057  
Contract Task Order No. 008

Subject: Transmittal of Final Report  
Sediment Evaluation, Former Robert E. Derecktor Shipyard  
Naval Station Newport, Newport Rhode Island

Dear Mr. Frye:

Enclosed for your records, you will find three electronic copies and one paper copy of the final report for the site referenced above. In accordance with the task order, copies of this report have been provided to the persons on the distribution list below for their records.

The final report was prepared based on the draft submitted in April 2005, amended as described by the responses to comments from USEPA and NOAA, which are documented in the Navy correspondence dated July 12, 2005. Please note that RIDEM did not provide comments on the draft report.

You will recall that this sediment evaluation was conducted to update information for the Coddington Cove area near the former Derecktor Shipyard for use in a possible update of the Feasibility Study for this site.

If you have any questions regarding this material, please do not hesitate to contact me.

Very truly yours,

Stephen S. Parker, LSP  
Project Manager
