Corey-

CTDEEP does not plan to review the 2011 Site Management Plan, which we received on July 1, 2011. CTDEEP agrees that the document can be considered final in its current form.

Subject: Site Management Plan

Mark,

A draft version of the Site Management Plan was submitted to the New London team on June 30, 2011. During a call today between the Navy and EPA, the EPA indicated that they would not be reviewing or providing comments on the Plan. Jim asked that I touch base with you to determine CTDEP's plans. Will the CTDEP be reviewing the document and if so, what would be your review schedule? If not, the document can be considered final in its current form.
