Contract Task Order (CTO) 0138  
CD Landfill, Final PRAP (DU 2) SITE 6  
Naval Base, Norfolk, Virginia

Dear Mr. Harris:

Baker Environmental, Inc. (Baker), is pleased to provide five copies of the Final PRAP for the CD Landfill. This document has been revised based on discussions during the Naval Base partnering meetings, and on comments received in March 1998 from USEPA Region III and Virginia DEQ. The preferred remedial alternatives for soil and groundwater at the site include the installation of a landfill cap that meets the requirements of the Virginia Solid Waste Management Regulations for an industrial waste landfill, institutional controls, and groundwater monitoring.

Copies of this report have also been provided to Mr. Randy Jackson, Mr. Tim Reisch, USEPA Region III, Virginia DEQ, and CH2M Hill.

Baker appreciates the opportunity to provide technical support to LANTDIV on this project. Should you have any questions or comments regarding the enclosed information, please contact me at (757) 631-5416.

Sincerely,

BAKER ENVIRONMENTAL, INC.
