Savannah, GA 31402-1608

Dear Mr. Worsham:

SUBJECT: NORFOLK NAVAL SHIPYARD INSTALLATION RESTORATION PROGRAM

The draft Engineering Evaluation/Cost Analysis (EE/CA) for Site 9 and the surrounding vicinity is available for public review. The EE/CA compares several remedial alternatives based on their technical feasibility, ability to protect human health and the environment, ability to prevent the potential release of hazardous constituents, and cost. The EE/CA presents the actions planned for a non critical removal action at Site 9 and vicinity. The comment period will end on September 25, 2002.

Enclosed are excerpts from the EE/CA for your information. This is not meant to be a complete copy of the document but does contain the executive summary, discussions on the characterization of the sites and the alternatives to be considered. The entire EE/CA is available for review in the Portsmouth Public Library Main Branch, located at 601 Court Street in Portsmouth Virginia.

Please contact Ms. Jan Nielsen at (757) 396-7231, extension 168, regarding any questions or comments you may have on this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "P. M. Host".

P. M. HOST  
Director, Environment Division  
By direction of the  
Shipyard Commander
