Re: Response to Comments on the Draft-Final Report for
the Phase III RCRA Facility Investigation, NAS
Oceana, Virginia Beach, Virginia

Dear Mr. Thomson:

We are in receipt of your letter dated February 9, 1999. Enclosed please find the response to your comments. The Navy will incorporate the necessary text revisions noted in the response to comments into the final document. In addition per your comments, the Navy is planning a fieldwork effort to collect the additional groundwater data at SWMUS 2D and 18. The analytical results and subsequent data evaluation of these results will also be incorporated into the final document.

Prior to the submission of the final document, the Remedial Project Manager, Mr. Tim Reisch, will contact you to discuss the response to comments and the additional sampling event. Due to the data analysis and validation, the Navy plans on submitting the final document in May 1999.

If you have any questions, please contact Mr. Tim Reisch at (757) 322-4758.

Sincerely,

N. M. Johnson
