Dear Mr. Harris:

Here are three copies of the draft-final work plan for groundwater remediation using the NoVOCs in-situ groundwater remediation system at SWMU 24, NAS Oceana. Please review the work plan and provide your comments. A 30-day review period had been scheduled. I have also forwarded copies of the work plan to NAS Oceana, EPA, VADEQ, and ACE for their review and comments. We look forward to moving ahead with this work this spring.

If you have any comments or questions, please call me at 703/471-6405 x4321.

Sincerely,

CH2M HILL
