Dear Mr. Cook:

The Corrective Action Engineering of the South Carolina Department of Health and Environmental Control (Department) received the first three above referenced documents October 25, 2007 and the final document November 1, 2007. In accordance with the Federal Facility Agreement (FFA), SCDHEC has 30 days to review and provide comments or approve a primary document. Because of staff changes, DHEC will be unable to meet the 30 day time requirement and requests a 20 day extension. This 20 day extension will extend the due date to December 17, 2007 and December 24, 2007 respectively due to weekends during the original and newly requested time frames.

If you have any questions or concerns, please feel free to contact me at (803) 896-4218.

Sincerely,

A handwritten signature in black ink that reads "Meredith Amick". The signature is written in a cursive style with a large initial "M".

Meredith Amick, Environmental Engineer Associate
Corrective Action Engineering Section
Division of Waste Management
