SUBJ: EPA Approval of Request for Change in Primary Document Submittal for Near Term Milestone Dates at MCRD, Parris Island, SC. (Navy letter dated April 10, 2008)

Dear Sirs:

The U.S. Environmental Protection Agency (EPA) has completed its review of the above referenced changes to near-term milestone dates requested by Ms. Sarah M Reed in a letter dated 10 April, 2008. The new near-term milestone dates requested in said letter are hereby approved. EPA recognizes that these dates require all of our agencies to work in an expedited manner as called for in the Federal Facilities Agreement (FFA) in order to ensure final documents can be issued by the Draft Final due dates. EPA appreciates the Navy's commitment to achieving the Team's clean-up goals.

If there is any way EPA can assist in helping you to meet milestones, please do not hesitate to call me at (404) 562-9969.

Sincerely,

A handwritten signature in cursive script that reads "Lila Llamas".
