---

Mark,

It looks like we sent these comments 12/11/07 to the 11/26/07 version of the Site 3 PP. Please let me know if a version of the PP was sent after Nov 07, and I'll check for additional comments.

Also, do you have meeting minutes from the August 21, 2008 Conference Call on the Site 3 Tech Memo? These may help the team with the path forward.

Thanks,  
Meredith

Hi Meredith. I've got an embarrassingly silly request:

Are these the most recent DHEC review comments on any version of the MCRD Parris Island Site 3 PP? We did revise the document after the attached comments were incorporated. The revision did go out because EPA provided comments on that version. I can't find anything from SCDHEC on that version. Maybe it's that my filing system stinks, or maybe there was no cover letter so DHEC hasn't processed it, or maybe we all agreed to bail out on the Proposed Plan until after the Tech Memo, before DHEC issued new comments. However it went down, if there are more recent review comments available, please resend these to me so we're sure the eventual Site 3 PP revision starts out with addressing all prior comments. Thanks.

Subject: SWMU 3 Proposed Plan Comments

Hi team,

Attached are the Department's comments to the SWMU 3 Proposed Plan. Joe and I left some of our comments general to allow EPA to be more specific. The hard copy probably will not go in the mail until tomorrow. Our building is being painted and weird things are going on (it looks like a ghost town)!

Please let us know if you have any questions.

Meredith
