and
Request for Extension of Review Time on Site 27 DQOs for Parade Deck Area
Marine Corp Recruit Depot

SC6 170 022 762

Dear Mr. Cook:

The Corrective Action Engineering of the South Carolina Department of Health and Environmental Control (Department) received

- Site 27 DQOs for the Fiber Optic Vault Area
- Site 27 DQOs for the Parade Deck Area

on December 22, 2009. It is the Department's understanding that DQOs for the Site 27 Fiber Optic Vault Area will be discussed in the February 2, 2010 team meeting. The Department understands that this discussion will change the DQOs for the Fiber Optic Vault Area and therefore will not be reviewing the above referenced document. Once the Site 27 DQOs for the Fiber Optic Vault Area are revised, they should be resubmitted for Department review.

However, the Site 27 DQOs for the Parade Deck Area will be reviewed. In accordance with the Federal Facility Agreement (FFA) and negotiated extended time frames, SCDHEC has 45 days to review and provide comments or approve a primary document. DHEC will be unable to meet the 45-day time requirement for the Site 27 DQOs for the Parade Deck Area and requests a 20-day extension. This 20-day extension will extend the due date to February 25, 2010.

If you have any questions or concerns, please feel free to contact me at (803) 896-4218.

Sincerely,

Meredith Amick, Environmental Engineer Associate

Division of Waste Management
