RE: No further comments to the Site 3 Proposed Plan  
Marine Corp Recruit Depot (MCRD)  
Parris Island  
SC6 170 022 762

Dear Mr. Cook:

The Division of Waste Management of the South Carolina Department of Health and Environmental Control (Department) completed the review of the *Site 3 Proposed Plan* received December 3, 2010 and the attached email sent December 14, 2010 referencing change of No Fishing sign language. The Department reviewed the document and email with respect to applicable sections of the South Carolina Hazardous Waste Management Regulations (SCHWMR). Based on this review the Department has no further comments; however, the conditions listed in the Department's letter (Haynes to Cook, November 15, 2010) are reiterated. Additionally, the risk communication language discussed in the Proposed Plan should be agreed upon by the MCRD Partnering Team prior to the Proposed Plan going out on Public Notice.

Please note if any changes are made to the December 3, 2010 version of the Proposed Plan (other than the recommended sign language per the December 14, 2010 email), the Department reserves the right to conduct another review, at which time the conditional concurrence may be withdrawn. If you have any questions regarding this issue, please contact me at (803) 896-4218.

Sincerely,

Meredith Amick, P.E., Environmental Engineer  
Corrective Action Engineering Section  
Division of Waste Management

Team,

One of the "No Fishing" signs was created and shown to interested parties at MCRD to review before the rest of the signs were created. It was suggested to include "By order of the Commanding General" rather than "MCRD Parris Island". The Depot is asking whether the Team will agree to the following sign language:

NOTICE  
No Fishing  
By order of the Commanding General

V/R,  
Lisa
