Subject: Re: MCRD Parris Island Communication Strategy
Date: Tuesday, February 08, 2011 3:46:39 PM

Hi team,

As far as the "No Fishing" sign, the Department has no comments.

As far as the Communication Strategy:
Please note if asked, the Department may answer some questions differently. We offer the following two comments to the questions.

Question 16: The Department does feel that the information on sampling General's Creek Landing should be stated if this question is asked.

Question 19: Remember to be careful not to violate HIPPA.

As far as the posters:
We believe that the posters are very wordy and are not on a sixth grade reading level. However, we cannot complete our review of the posters or the fact sheet without the meeting minutes and materials from the January Site 3 meeting. Melissa, as a representative of Marine Corp Public Health, what are your thoughts on the "public friendliness" of the posters?

Let us know if you have questions.
Meredith

Partnering Team,

Attached is the MCRD Parris Island Communication Strategy. The Communication Strategy is FOR OFFICIAL USE ONLY. Is it possible for the Partnering Team to provide comments by COB Tuesday, Feb 8?

V/R,
Lisa
