RE: Review of SCE&G to Replace Rotten Transmission Poles on Site/SWMU 3
Marine Corps Recruit Depot (MCRD)
Parris Island
SC6 170 022 762

Dear Mr. Owens and Mr. Harrington:

The Division of Waste Management of the South Carolina Department of Health and Environmental Control (Department) completed the review of the above referenced letter received May 12, 2014. The Department appreciates notification of the request to replace 3 transmission poles on Site/SWMU 3. The Department understands based on a May 1, 2014 email from Harrington to Amick that due to severe weather compromising 2 of the 3 poles requested for replacement, they have been replaced and the waste has been properly managed. Ensure similar protocol is followed during the replacement of the final pole on Site/SWMU 3.

The Department's review is based on the information presented by MCRD to date; any information found to be contradictory may require further action. If you have any questions regarding this issue, please contact me at (803) 898-0368.

Sincerely,

A handwritten signature in black ink, appearing to read 'Meredith Amick', with a long horizontal line extending to the right.

Meredith Amick, P.E., Environmental Engineer
DOD Corrective Action Section
Division of Waste Management
