Dear Ken:

I have sent you a copy of the RCRA Facility Assessment (RFA), Portsmouth Naval Shipyard prepared by A.T. Kearney, Inc. and Baker Engineering for your review. As part of the official record, I think the Shipyard should submit comments on the RFA to EPA now, rather than in the public hearing for the draft HSWA permit. Since the Shipyard choose not to participate in EPA's public workshop, I think it is essential for EPA and the Shipyard to resolve any problems on the RFA now.

I am planning to have another workshop in early October. Please send in your comments before October 1, 1986.

If you have any questions, please call me at (617)223-5904.

Sincerely,

A handwritten signature in cursive script that reads "Ken S. Chin".
