Re: PORTSMOUTH NAVAL SHIPYARD RCRA FACILITY INVESTIGATION

Dear Mr. Waterman:

This letter is to confirm our scheduled meeting, 10 June, 1991 at 10:00 with EPA Region I concerning the Offshore Investigation at Portsmouth Naval Shipyard. The purpose of the meeting is to present a proposed Scope of Work developed by Navy Ocean Systems Center and EPA Research Laboratories at Narragansett, NOSC-ERLN, for assessing Marine Ecological Risk at Portsmouth NSY.

Because of the potential ranking of Portsmouth on the National Priorities List, Northern Division has asked Ms. Susan Svirsky, Chair of the Superfund Ecological Assessment Team, Region I to attend this meeting.

In order to make the most of our time at the meeting an agenda is enclosed. Please notify me when you secure a conference room at Region I. If you have questions concerning the meeting, please contact me at (215) 897-6432.

Sincerely,

A handwritten signature in cursive script that reads "Linda Resta".
