re: Site 34 Extension Request

Dear Fred:

The Maine Department of Environmental Protection has considered the Navy's schedule extension request for Site 34. This extension will enable work to more immediately focus on the higher priority Site 32, Topeka Pier. Therefore we agree that the schedule for Site 34 should be extended so that the submittal of the draft Site Investigation Workplan will be due on 11/15/02 instead of 11/15/01.

Please feel free to contact me at (207) 287-8010 if you have any questions.

Sincerely,

Iver McLeod
