RI Work Plan Addendum**

Dear Mrs. Hayes:

The West Virginia Division of Environmental Protection/Office of Environmental Remediation (WVDEP/OER) has reviewed the Draft Work Plan Addendum RI Well Installation Activities at Site 11 for Allegany Ballistics Laboratory Rocket Center, West Virginia, dated January 1999.

WVDEP/OER provides condition acceptance to the herein described scope of work. The scope should be modified in the appropriate section to provide for acceptance from WVDEP/OER and USEPA in the event a deviation in the approved monitoring well installation procedures is required.

If there are any questions or if you require further clarification, please contact me at (304) 558-2745 or E-mail: tbass@mail.dep.state.wv.us.

Sincerely,
