Dear Mr. Reisch:

I have reviewed the above referenced responses to comments. With the exception of those items listed below, the information provided in your response to comments and in the changes proposed to the documents during the December 2, 1998, meeting, satisfy the Department's concerns. A letter from the Department will be submitted upon receipt of a revised final RI/FS Work Plan containing the proposed revisions.

Concern 1

The submittal received at the December 2, 1998, meeting did not contain the slug test procedures as promised by the November 6, 1998, response to comments. Please include this procedure in the revised plan.
