Subject RE: Site 2 ERI Comments

John, we prepared a response to the December 19 version of your comments on the Final Site 2 ERI. Please see attached. Because those comments are more extensive to the revised version you provided yesterday, I was hoping you'd accept this version? If you'd prefer we respond to yesterday's version instead, please let me know. Otherwise, we'll incorporate this response into the Admin Record to close the loop.

Thanks,
Janna

Hey Guys,

Attached are EPA's comments on the final ERI. Nothing significant and they may have already been addressed and I just

lost track.

Thanks,
