Subject: Round 3 Response to Comments, Remedial Investigation, Sampling and Analysis Plan,  
AOC 8 – Area South of Site 7, Naval Weapons Station Yorktown Cheatham Annex,  
Williamsburg, Virginia, June 3, 2013

Mr. Park:

The U.S. Environmental Protection Agency (EPA) has reviewed the response to the remaining comment and the latest version of the Sampling and Analysis Plan for AOC 8 – Area South of Site 7. Although we disagree with the response to the comment we accept the report. This acceptance should not be construed as an acceptance of the Navy's proposal on how COPCs will be determined. The Navy can move forward as planned and the EPA will do its own analysis and revisit this issue during our review of the Remedial Investigation Report
