Rob, you're on a role. How about the approval letter for the final 2010-2011 SMP? =) This year's SMP is also lurking out there.

Attached, please find EPA's comments pertaining to the review of the Navy's August 2010 draft ROD for Site 28, the X-Ray Facility, located at the NWS-Yorktown NPL site.

Good news is that Hank signs this one, not Ron. (no extra review).
