Dear Mr. Gravette:

Enclosed please find two hard copies of the changed pages for the Final Site Inspection Work Plan and Munitions and Explosives of Concern Quality Assurance Project Plan (MEC-QAPP) for your records. Because the Partnering Team had no comments or suggested revisions on the draft document, the content of the MEC-QAPP has not changed since the draft. Therefore, only the cover, spine, and title page required revision to indicate the document as final. Please note, the headers of each page beyond the title page will be dated October 2013, as the content of these pages has not changed since the draft submittal. Two CDs containing the full PDF are also included for your records. Additional copies have been distributed as outlined below.

If you have any questions or comments regarding the enclosed documents, please feel free to contact Bill Friedmann at 757-671-6223 or myself at 757-671-6267.

Sincerely,

CH2M HILL
