Subject: Site 31 Pipe Video Tech Memo

Moshood and Wade,

Attached, please find the draft Site 31 Video Survey Tech Memo Work Plan. The first file is the .pdf with the figure included. The second file is native Word of the tech memo which you can use to place your comments if you choose.

Since this is a three page tech memo with no need for technical staff review, we are asking if it is possible, to review and provide comments by Friday, May 2nd. If you have any questions or concerns about the schedule, please let me know.

Thanks,

Bill
