Subject: RE: Site 24 EE/CA Final Redline

Bryan:

EPA has reviewed the redline Site 24 EE/CA and does not have additional comments at this time. A formal concurrence letter will be issued upon receipt of the final version.

Thanks
Moshood

Subject: Site 24 EE/CA Final Redline

Moshood,

This is a follow up to the voice mail that I left for you, I know you are just getting back in from vacation and are probably swamped with email, etc. If you could please give us a status on your review of the Site 24 EE/CA redline, it would be greatly appreciated. You mentioned on the status call that you were still waiting on a couple of comments. At this stage of the process, I really hope that they are not major comments, but if you could fill us in on what portion of the document that they relate to, that would be extremely helpful as well.

Thanks
