Engineering Evaluation/Cost Analysis
Site 24: Aviation Field
Naval Weapons Station Yorktown
Yorktown, Virginia

Dear Mr. Peed:

The Virginia Department of Environmental Quality (DEQ) has received the *Draft Engineering Evaluation/Cost Analysis* (EE/CA) for Site 24 at Naval Weapons Station Yorktown, Yorktown, Virginia. The EE/CA, prepared by CH2M HILL, was received by the DEQ on December 4, 2014.

Thank you for providing the DEQ's Office of Remediation Programs the opportunity to review the above-referenced EE/CA. Subsequent to discussion during the October 2, 2014 Partnering Meeting, and DEQ's internal review, this office concurs with the recommended removal action alternative that provides for unlimited use/unrestricted exposure. Additionally, this office accepts the revisions to the previously reviewed ARARs tables and has no additional comments.

Please contact me at (804) 698-4125 or wade.smith@deq.virginia.gov with any additional questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Wade M. Smith".

Wade M. Smith
Remediation Project Manager
Office of Remediation Programs
