Re. Carswell Air Force Base
TNRCC Solid Waste Registration No. 65004
Hazardous Waste Permit No. HW-50289
Final RFI for SWMUs 22, 23, 24 and 25

Dear Mr. Pringle:

The Texas Natural Resource Conservation Commission (TNRCC) received a document titled *Final RCRA Facility Investigation Solid Waste Management Units 22, 23, 24 and 25 NAS Fort Worth JRB, Texas Volumes I through III* (Final RFI Report) dated May 2001. The Final RFI Report is essentially the same as the "draft" RFI Report previously reviewed by the TNRCC and approved by letter dated March 5, 2001. The Final RFI Report incorporates validated analytical data from interim remedial actions conducted in July and August 2000. The same analytical data was presented in the "draft" RFI Report, however, at that time the data was considered to be preliminary. As the incorporation of the validated data sets did not change the results of the site characterization, conclusions or recommendations presented in the approved "draft" RFI Report, the TNRCC will not comment on the Final RFI Report. The Final RFI Report will be incorporated into the TNRCC's administrative record for Carswell AFB.

Questions concerning this letter should be directed to me at (512) 239-2360 or via e-mail: mweegar@tnrcc.state.tx.us. When responding by mail, please submit an original and one copy of all correspondence and reports to the Corrective Action Section at Mail Code MC-127.

Sincerely,
