Subject: Final Technical Memorandum for SWMU 9  
Naval Air Station Key West, Florida

Dear Mr. Patrick:

Brown and Root Environmental (B&R Environmental) is pleased to submit for your review the enclosed Final Technical Memorandum for SWMU 9, NAS Key West, Florida. The memorandum was prepared to identify the natural attenuation processes that may exist at SMWU 9. B&R Environmental discussed comments with Mr. Cliff Casey, SOUTHDIV via teleconference and made the necessary changes to the memorandum. In addition, the Table 1-1 Contaminants Detected in Groundwater at SWMU 9 was compared to the most current action levels utilized during the BRAC Site Inspection and reprinted.

At your request, B&R Environmental is sending a copy of this document to the NAS Key West Partnering Team.

Please call me at (803) 649-7963, extension 345 or Scott Flickinger at extension 343, with your comments and any questions you may have regarding the enclosed document.

Sincerely,

C. M. Bryan  
Task Order Manager
