RE: Groundwater Monitoring Report for Building 189. Key
West, Florida

Dear Mr. Glover:

I have reviewed the above referenced document dated January 2000 (received January 24, 2000). The recommendation to design a treatability study to remove free product around MW-02 is adequate. Please be prepared to discuss this site at our next scheduled team meeting.

If I can be of any assistance in this matter, please contact me at 904/488-3935.

Sincerely,

Jorge R. Caspary, P.G.
