RE: Completion Report for Flying Club. Key West, Florida

Dear Mr. Glover :

I have reviewed the above referenced documents dated January 1999 (received March 28, 2000). Based upon team discussions, the document is acceptable for its purpose. As discussed, the remedial system was successful in reducing contaminant levels and the post-remediation monitoring of groundwater should continue as per the frequency specified in the Monitoring Order.

If I can be of any assistance in this matter, please contact me at 904/488-3935.

Sincerely,

Jorge R. Caspary, E.G.
