RE: Review of RAP Addendum for Alpha Delta Piers, NAVSTA Mayport

Dear Mr. Kizer:

Mr. Gregory Brown has completed his review of the subject documents dated January 12, 1995 (received February 13, 1995) and has issued a Certification of Approval for the Remedial Action Plan. The Certification of Approval is attached to this letter. I am also attaching a copy of the Memo from Mr. Brown concerning his review. His comments with respect to Navy utilization of Department Soil Cleanup Goals for Hazardous Waste Sites should be considered when assessing other petroleum-contaminated sites at NAVSTA Mayport.

If you have any questions or need further clarification, please contact me at (904) 488-3935.

Sincerely,

James H. Cason
Remedial Project Manager
