Gentlemen:

As discussed between Ms. Allison Drew of your staff and Mr. Mark Taylor of Southern Division, Naval Facilities Engineering Command on 4 December 1991, a Corrective Action Management Plan (CAMP) is all that can reasonably be submitted to your office in the 45 days allowed in your letter of 4 November 1991. Three copies of the CAMP are enclosed for your concurrence.

The submission of a revised RFI workplan and an Interim Measures Workplan will require considerable effort based on the extensive comments attached to your letter. These documents are scheduled for submission to your office in an orderly manner as described in the enclosed CAMP.

The CAMP is provided as a time extension request to logically and systematically implement the corrective action program at NAS Memphis. We hope you concur with our proposed investigative approach. If you have any questions or need any additional information, please contact Mr. Mark Taylor of Southern Division, Naval Facilities Engineering Command at (803) 743-0573.

Sincerely,

P M MOTOLENICH
COR COR USN
