Dear Mr. Williams:

In accordance with condition II.A.7 of our Hazardous and Solid Waste Amendments (HSWA) permit dated September 15, 1986, the drum and debris disposal area near Radar Facility 1696 should be considered a potential Solid Waste Management Unit (SWMU). A RCRA Facility Assessment (RFA) will be submitted to your office within 45 days from your receipt of this letter. We plan to conduct an Interim Measures removal at the site. We look forward to working closely with you and the Tennessee Department of Environment and Conservation in developing a work plan for this removal.

If you need any additional information, please contact Mr. Mark Taylor at (803) 743-0573 or Ms. Tonya Barker at (901) 873-5461.

Sincerely,

D. J. CLARK
