RE: *Assembly C Site Investigation Plans — Revision 1*, NAS Memphis RCRA Facility Investigation, Millington, Tennessee; Contract N62467-89-D-0318, Comprehensive Long-Term Environmental Action Navy (CLEAN); CTO-094

Dear Sir:

EnSafe/Allen & Hoshall is pleased to submit two copies of the *Assembly C Site Investigation Plans — Revision 1* for NAS Memphis. Responses to comments by USEPA Region IV, the Tennessee Department of Environment and Conservation, and the Environmental Division of the NAS Memphis Public Works Office are also enclosed. Copies of the document and responses to comments have been distributed as indicated on the enclosed NAS Memphis Distribution List.

Please note that the site investigation plan for SWMU 18 has been dropped from the document based on the BRAC Cleanup Team decision that an interim measure work plan can be prepared for this SWMU when the tank is removed in 1996.

If you have any questions or comments of a technical nature, please contact Lawson Anderson or Alison Choate at 901/372-7962. If you have questions concerning contractual matters, please contact me at 901/383-9115.

Sincerely,

EnSafe/Allen & Hoshall
